

with
Dr. Erwin Lutzer

Join us as we hear from Dr. Erwin Lutzer, pastor of Moody Church and the best selling author of numerous books including *The Cross in the Shadow of the Crescent: An Informed Response to Islam's War with Christianity*. He will speak on one of the most pressing issues facing the church and the nation today.

Islam is on the rise around the world, whether it be terrorist activity in the Middle East or the increasing number of followers here in United States. Though these trends open up many opportunities to share the gospel, Christians also have reason for concern.

You will not want to miss this one night only event!

“Remember that the real threat to the United States is not so much terrorism, but Islamism, which intends to challenge our constitutional liberties and take advantage of political correctness to silence discussion and debate about Islam and to undermine our national security... — Dr. Erwin Lutzer”
