Jubilee Bible Church / 900 Foster Ave. Medinah, IL

Simone Gold, MD, JD, the founder of America's Frontline Doctors, will be our featured speaker at this special forum where we will expose how medical tyranny is taking over America – and how our civil rights and the U.S. Constitution itself is under grievous attack.

Internationally known as “the doctor who went viral,” Dr. Gold is a 20 year-plus formerly board certified emergency physician who voluntarily refused to renew her board certification in 2021 due to the unethical behavior of the Medical Boards. She is the author of the best-selling book *I Do Not Consent: My Fight Against Medical Cancel Culture*.

Special Guest: Mark Zumhagen, MD
