- 1) **Should biological males who identify as female be able to use the girls bathrooms and locker rooms?** No. Absolutely not! We must protect the privacy of our students.
- 2) **Should school staff use the preferred pronoun and first name of a child who identifies as the opposite gender they were born with?**  
No. School staff should not play along with these fantasies.
- 3) **Should biological boys compete against biological girls in school sports?**  
Never. This is terribly unfair to the girls and would unjustly rewrite the record books.
- 4) **Should students and employees be forced to mask and get vaxxed to attend government schools?** No. It has been proven that masks and the vax do not prevent the spread of the covid virus.
- 5) **Should children be taught there are more than two genders?** No. This is only confusing them. We should not be advancing the lgbtq agenda.
- 6) **Should families be able access a portion of state education funding to use for educational expenses, including private school tuition, tutoring, curriculum, and supplies?**  
Yes. I believe in school choice. The money should follow the student.
- 7) **Do you support or oppose Governor Pritzker's plan to increase Illinois taxpayer-supported education funding by 6.2% in 2024?** I'm opposed to giving the governor any more money to push his evil agenda on our children
- 8) **To increase equity, should school districts eliminate honors classes?** No. It is unfair to hold back those who are gifted and those who choose to put in the effort required in these classes.
- 9) **Should school nurses or other school staff be prohibited from helping students obtain an abortion during or after school hours?** Absolutely. Schools need to stay in their lane and furthermore, school staff should not be trying to normalize abortion as a form of birth control.
- 10) **Should school administrators be required to notify the parents of students who have expressed concerns about their gender identity?**  
Absolutely. Parents must be notified anytime their child is exhibiting signs of mental illness. The parents are the only ones who should take the lead in getting their child the help they need.
